JIM BUCK ROSS
COMMISSIONER

TO THE PEOPLE OF THE STATE OF MISSISSIPPI:

As I mentioned in my letter in the previous bulletin, poor returns had placed some of our producers in a precarious financial position. Unfortunately, there was little, if any, improvement in the financial plight of our producers during the 1984 season. High production costs, low prices, a strong dollar and fierce foreign competition kept the picture pretty grim.

A large portion of our food and fiber production in Mississippi and in the whole country must be exported to be sold. If we can bring the federal deficit under control, production costs will be reduced, the dollar will weaken, our products will be more attractive to foreign buyers. Then we can regain our lost foreign markets and the outlook will improve for our farmers.

In any business operation you need information. One of the charges of the Mississippi Department of Agriculture and Commerce is to supply useful information to the farmers, ranchers and consumers of Mississippi. Part of that charge is accomplished through the efforts of the Mississippi Crop and Livestock Reporting Service. The reports issued by the Mississippi Crop and Livestock Reporting Service throughout the year are condensed in this publication.

Respectfully,

Jim Buck Ross

TO THE FARMERS, RANCHERS AND AGRI-BUSINESS PEOPLE OF MISSISSIPPI:

These data collected in this bulletin are the direct result of your unselfish contribution of your time and resources for the public good.

According to some pundits we are in the Information Age. Demands for data and more data are continuous and ceaseless. You are helping to supply those needs and demands.

I deeply appreciate your cooperation and your efforts.

Sincerely,

Dick Knight
